<b>Treatment Track C</b>	1 - 3 Priors < .15	24 hours 12 weeks	68 hours 34 weeks	92 hours 11 months
<b>Treatment Track D</b>	1 - 3 Priors ≥.15, or refusal, or < .15 with clinical justification	24 hours 12 weeks	86 hours 43 weeks	110 hours 13 months

<b>TABLE 3 COLORADO TREATMENT PATH FOR PERSONS WITH FOUR OR MORE AOD DRIVING CONVICTIONS (EFFECTIVE JULY 1, 2017)</b>		
<b>PROGRAM</b>	<b>CRITERIA</b>	<b>LENGTH OF TREATMENT</b>
<b>Level II 4+</b>	3 or more prior AOD driving convictions and any BAC or other drug level or test refusal	Minimum of 180 hours of treatment over not less than 18 months

- Education or Track Level may be raised with clinical justification.
- Education or Track level should not be reduced; it is not appropriate clinically nor in terms of DMV requirements.
- If BAC was not taken or is unavailable, and there are no clinical indicators, refer and place in Level I Ed.
- If BAC was not taken or is unavailable, and there are other clinical indicator(s), refer and place in Level II Ed.
- Offenders can be placed in Track A with BAC's of <.10 if there is clinical justification.
- Under no circumstance can Track level be reduced; however, Track level may be increased with clinical justification.
- Clinical justification must be based on DSM-5 Criteria
- Level II 4+ treatment requirements are solely based on the fact that the driver has the 4 or more convictions over a lifetime.
- Level II 4+ treatment may also be used for drivers who have had four (4) or more arrests for alcohol and/or other drug offenses but only 2 or 3 convictions. This should be carefully considered if the driver has a moderate to severe co-occurring disorder and/or significant cognitive problems.
