TABLE 3	COLORADO TREATMENT PATH FOR PERSONS WITH FOUR OR MORE AOD DRIVING CONVICTIONS (EFFECTIVE JULY 1, 2017)				
PROGRAM	CRITERIA	LENGTH OF TREATMENT			
Level II 4+	3 or more prior AOD driving convictions and any BAC or other drug level or test refusal	Minimum of 180 hours of treatment over not less than 18 months			

- Education or Track Level <u>may be raised</u> with clinical justification.
- Education or Track level <u>should not be reduced</u>; it is not appropriate clinically nor in terms of DMV requirements.
- If BAC was not taken or is unavailable, and there are no clinical indicators, refer and place in Level I Ed.
- If BAC was not taken or is unavailable, and there are other clinical indicator(s), refer and place in Level II Ed.
- Offenders can be placed in Track A with BAC's of <.10 if there is clinical justification.
- Under <u>no</u> circumstance can Track level be reduced; however, Track level may be increased with clinical justification.
- Clinical justification <u>must</u> be based on DSM-5 Criteria
- Level II 4+ treatment requirements are solely based on the fact that the driver has the 4 or more convictions over a lifetime.
- Level II 4+ treatment may also be used for drivers who have had four (4) or more arrests for alcohol and/or other drug offenses but only 2 or 3 convictions. This should be carefully considered if the driver has a moderate to severe co-occurring disorder and/or significant cognitive problems.
